# MATH NIGHT

## Details

- Perfect choice for engaging the whole school community
- Flexible start time with **6:00 PM** being the most popular.
- For **60 - 120 minutes** ( school's choice ), students will put the video games on pause and take a break from technology
- No limit to how many students / parents participate ( only gym size and fire code limitations apply)
- Fit2LEARN will provide the **tools to host and market** the event to your school community
- A super FUN facilitator will be present to guide your families with every math adventure
- Program Fee is \$ 969 plus HST

## How it Works

- We need your super clean gym floor for our program
- It takes us **2.5 hours** to setup our program
- Please allow **1.5 hours for us to pack up** and leave your gym
- Jump2Math crews consist of 1 technical setup expert and 1 Mega FUN facilitator
- We set up **10 - 15 math stations** depending on your gym size
- **No shoes** are permitted in the gym during our program
- Students are encouraged to wear their silly socks
- We even bring our own "Shoe Parking Lot Mat"
- **No Food or Drinks** in the gymnasium, please.
- **10 - 20** Intermediate or High School **student volunteers** are asked to facilitate the game stations. (Parents, Teachers, School Council, Administrators, College and High School Students, Volunteer Groups can also facilitate.
- Minimum **1-2 facilitators per each station**
- We will provide **30 minutes of training** for the volunteers
- Based on a 6:00 PM Math Night Start, the school gym will not be available for any other activity between ( **3:00 PM - 10:00 PM** )

# 1 HALF DAY

## Details

- Perfect for small schools or specific grades
  - Designed to accommodate up to 150 students from Kindergarten to Grade 6
  - Includes (2) 60-minute sessions in the afternoon
  - Up to 75 students per session divided into teams of 4 - 8
  - Up to 20 intermediate student leaders are asked to facilitate the program game stations.
  - Total students participating and number of stations set up will dictate how many student leaders will need
  - Fit2LEARN supplies instructions with grade specific curriculum connections at every math station
- A super FUN facilitator will be present to guide your station leaders and students participating with every math adventure
- Program Fee is \$ 1100 plus HST
